Arthur O. Eve Higher Education Opportunity Program (HEOP) Regulation Amendments. [The HEOP regulation amendments](#) implement Chapter 494 of the Laws of 2016 by clarifying for institutions what types of expenses fall within the newly enumerated categories eligible for HEOP funding. In addition, the Department made technical amendments and updates to the regulatory language to conform with current practice. The amendments were adopted as a permanent rule that is effective August 2.

Establishment of a residency certificate for candidates enrolled in a Classroom Academy Residency Pilot Program. The Cambridge, Hudson Falls, and Washington-Warren-Saratoga-Hamilton-Essex County BOCES consortia and the State University of New York College at Plattsburgh - Queensbury Campus teacher preparation program created a pilot program where candidates participate in a two-year, full time internship in the partnering school district during their program at Plattsburgh. The amendment was adopted as a permanent rule that is effective August 2.

The advisory team met between September 2016 and May 2017 to examine ways to enhance the quality of school building preparation in New York. CAEP Draft Partnership Agreement. OHE staff updated the draft partnership agreement between CAEP and NYSED based on comments from the survey sent to higher education deans and administrators in April. CAEP reviewed the draft agreement and provided feedback on it in June. In response to the feedback, the CAEP Work Group composed of 10 higher education deans and administrators met on June 29 to decide how to address the feedback and incorporate the revised CAEP partnership agreement template into the draft agreement. OHE staff modified the draft agreement based on this meeting, and it was sent to the CAEP Work Group for a final review.

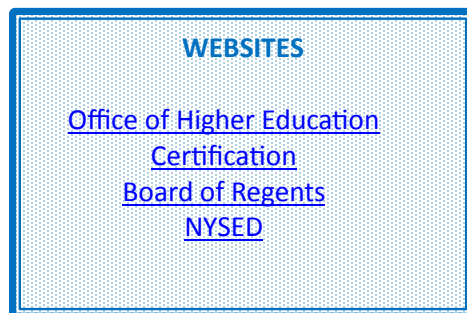

Enough is Enough. The New York State “Enough is Enough” - Prevention of Sexual Assault on College Campuses statute (Chapter 76 of the Laws of 2015) requires that New York State colleges and universities file annual certificates of compliance with the State Education Department by July 1st of every year. The Department created an [online electronic system](#) for submission of the annual certificates. Please be aware that the statute says that institutions that fail to file the annual certificate of compliance by September 1st of each year “shall be ineligible to receive state aid or assistance until it files such a certificate.”

SEDREF. The Coordinator Survey (SUR-1) collects current staff information for the institutions. This information populates NYSED SEDREF tables. [SEDREF](#) is the main directory for all institutions, and it is important that the information is kept up to date. It is the responsibility of each institution to update the information. You can view the information for your institution in SEDREF. To update administrative positions, login to [HEDSLive](#) and update your SUR-1 Coordinators Survey. If you have trouble logging in, please send an email to higheredsupport@nysed.gov.
