1. GENERAL INFORMATION

This bulletin provides information for the Robert C. Byrd Honors Scholarships to be awarded in 2009 to begin in the 2009-2010 academic year.

The Robert C. Byrd Honors Scholarship is a Federally funded scholarship designed for high school graduates or persons who earn a New York State high school equivalency diploma. Students who are home schooled are eligible for this scholarship competition, but **must** take the General Educational Development (GED) test to establish their Byrd GPA. It is expected that approximately 400 awards will be available for distribution throughout the State for the 2009 competition. **The scholarships are allocated by county.** There is a minimum of one scholarship per county. The number of scholarships per county is determined by dividing the number of twelfth graders in the county by the total number of twelfth graders in the State for the previous academic year. Each scholarship carries an award of \$1,500 for the first year of college study and is renewable for up to four years, subject to the availability of Federal funds. These awards may be used in any approved institution of higher education in the United States (except for US Military service schools), Puerto Rico, the Virgin Islands, Guam, the Northern Mariana Islands, American Samoa, Palau, the Federated States of Micronesia, or the Marshall Islands.

The 2009 series scholarships will be awarded on the basis of **combined** Scholastic Assessment Test (SAT) scores and the converted Byrd grade point average (GPA) from **EITHER** the high school academic units indicated below **OR** the General Educational Development (GED) test scores. The SAT scores will be weighted 25 percent and the converted Byrd GPA will be weighted 75 percent to determine scholarship winners. Ties will be broken first on converted Byrd GPAs and then, if necessary, on SAT scores.

The Byrd GPA for candidates enrolled in high school must be based on the *12 highest of 15 academic units* completed by August 31, 2008. The Byrd GPA must be computed on the basis of *unweighted grades* only. **The 15 units are: 3 units of English, 3 units of social studies, 3 units of mathematics, 3 units of science, and 3 units of foreign language.** Candidates competing on the basis of GED scores must have scored a minimum total of 3100 (with no single test score lower than 410) and have their scores converted to the Byrd GPA by their GED program manager.

In order to be eligible to file an application for the 2009 competition, a candidate must have a **minimum Byrd GPA of 95.00 *and* a minimum score of 1875 on the SAT (critical reading PLUS writing PLUS math scores from a *single* administration).** An ACT score will be allowed **only if the SAT was not taken**, and a **minimum composite score of 28 is required.**

2. BYRD CONVERSION TABLE INFORMATION

IMPORTANT: All final grades from the 15 units listed above must be converted to a Byrd Score using the Byrd Conversion Table below. This is mandatory for all high school students competing and should be completed by guidance personnel or some other authorized person.

After each of the 15 grades has been converted to a Byrd Score, drop the three lowest Byrd Scores. Then average the remaining 12 Byrd Scores. This number is the Byrd GPA. The **Byrd GPA** should be rounded to the hundredth decimal place (e.g., 98.75), and this score placed in Item 10 of the scholarship application form.

GED TO BYRD CONVERSION TABLE INFORMATION

The New York State General Educational Development (GED) test consists of five tests: Language Arts, Reading; Language Arts, Writing; Mathematics; Science; and Social Studies. Applicants must meet the minimum passing standard of 410 on each test to be eligible for Byrd competition, plus a minimum total of 3100.

IMPORTANT: All scores from the 5 tests listed above must be converted to a Byrd Score using the Byrd Conversion Table shown below. This is mandatory for all students competing in the 2009 Robert C. Byrd Honors Scholarship competition based on GED scores and should be completed by their GED program manager.

After each of the 5 tests has been converted to a Byrd Score, they are then averaged. This number is the Byrd GPA. The **Byrd GPA** should be rounded to the hundredth decimal place (e.g., 98.75), and this score placed in Item 10 of the scholarship application form.

3. ELIGIBILITY REQUIREMENTS

To be eligible, candidates must meet the following requirements:

Legal residence

Candidates must be legal residents of New York State for at least one year prior to September 30, 2008. To qualify as a legal resident of New York State, an individual must:

- ◆ be a citizen or national of the United States; or
- ◆ be an alien lawfully admitted for permanent residence in the United States; or
- ◆ be an individual of a class of refugee paroled by the Attorney General of the United States under parole authority pertaining to the admission of aliens to the United States. (A person, who holds a nonimmigrant visa, such as a student visa or a diplomatic visa, does not qualify as a legal resident of New York State.)

The legal residence of a dependent child is generally presumed to be the legal residence of the parents. If parents maintain a legal and voting residence in a state other than New York State and are residing in New York State on a temporary basis for business purposes or while on military assignment, a student is not considered a legal resident of New York State. In addition, a student is not considered a legal resident of New York State if parents maintain a legal residence in another state and the student is residing in New York State primarily for the purpose of attending high school.

Students must also be legal residents of the county in which they are competing. **If a student has more than one residence, s/he must compete in the county in which s/he resides while attending school.** If a student wishes to compete in a county, which is not the residence of the parents, or if residence is in a county other than that within which the student attends school, the student should consult with the high school principal concerning the documentary proof of residence, which will be required to be filed with the application.

Acceptance for college study by September 2009

A scholarship winner must graduate from high school by the end of the 2008-2009 academic school year, or earn a New York State high school general equivalency diploma, and be accepted as a full-time, matriculated student at an approved postsecondary institution for the Fall 2009 semester. If a scholarship winner fails to graduate from high school during the 2008-2009 academic year or is not accepted as a full-time matriculated student at an approved postsecondary institution for the Fall 2009 semester, the scholarship may be accepted and enrollment postponed at a postsecondary institution for a period of one year. However, to avoid forfeiture, a winner must submit a written request for a leave of absence to the Higher Education Services Corporation, 99 Washington Avenue, Albany, New York 12255.
