SUBJECT: **2009 – 2010 Interim Reapplications for TOC Program Awards**

We are pleased to announce the availability of the TOC reapplications for funding for 2009-2010.

All currently funded TOC projects must reapply for 2009-2010 funding by submitting an **original and one copy** of the attached Reapplication Forms to:

Reapplications must be received by April 24, 2009.

Currently, proposed funding for the TOC program is expected to remain at the same level as 2008-09, so no increase in TOC awards is planned. Please note that a proposed budget of expenditures will be required as part of this reapplication along with an FS-20 Form and Budget Narrative. If any programmatic changes are made to any of the eight checklist items from the original proposal (See Form, pg. 2), a brief narrative will be required explaining proposed changes for each item.
