Chapter 180 of the Laws of 2000 ("SAVE") mandated fingerprint supported criminal history background checks for applicants for certification and prospective employees of public schools, charter schools and BOCES. Chapter 630 of the Laws of 2006 expanded SAVE to authorize non-public and private schools to mandate fingerprint supported criminal history background checks for their prospective employees with direct student contact (Education Law §305(30)(a)). Each non-public and private school that chooses to mandate fingerprinting for such prospective employees must require fingerprinting for all such prospective employees.

Chapter 630 of the Laws of 2006 makes no provision for non-public and private schools to cease fingerprinting prospective employees. Non-public and private schools should carefully consider the implications of requiring prospective employees to undergo a fingerprint supported criminal history background check before signing this form. Questions or concerns about this form or requiring prospective employees to be fingerprinted should be discussed with your school attorney.

Please complete Section 1, make a selection in Section 2, sign your name and have your signature notarized.

SECTION 2

I certify that the above named school is electing to have all prospective employees who have direct contact with students fingerprinted pursuant to Education Law §305 (30)(a). I understand that:

- the Education Department will issue a Clearance or Denial of Clearance for Employment for each such employee;
- a Clearance for Employment does not mean that the prospective employee must be hired; it simply means that such individual is “employable” and that the final hiring decision is in the discretion of the school, consistent with other state and federal laws;
- a Denial of Clearance for Employment means the prospective employee cannot be offered employment in the requested position unless the Denial of Clearance is successfully appealed or otherwise overturned; and
- the law currently makes no provision for non-public and private schools to cease fingerprinting prospective employees.

I request access to TEACH online services with fingerprint information.

I certify that the above named school is electing to not conduct fingerprint supported criminal background checks on prospective employees at this time. I understand that:

- I may at any time change this designation; and
- I can not require fingerprint supported criminal history background checks pursuant to Education Law 305 (30)(a) unless I change this designation.

I request access to TEACH online services with no fingerprint information.
